FAST TIME ON THE J., M. & I.

From Louisville to Indianapolis, 110 Miles, in Less than Two Hours,

And from the Hoosier Capital to Chicago via the Panhandle, 194 Miles, in a Little Over Four Hours-Barker Leaves the Monon.

Yesterday a train of five cars, carrying 154 members of the Kentucky Press Association, left Louisville at 8 A. M. and reached Chicago in six hours and twenty minutes; distance, 304 miles. The train was hauled by a Class "P" Pennsylvania standard engine from Louisville to Indisaspolis in one hour and lifty-five minutes, distance 110 miles; from Indianapolis to Chicago in four hours and seven minutes, distance 194 miles. On several occasions between Louisville and Indianapolis a speed of seventy-two miles an hour was reached, and between Logansport and Crown Point, for thirty miles, the train Tun at a speed of seventy miles an hoar. When figured out it is shown that the speed the entire distance was fully up to State express, and gives evidence that indiana roads are not behind those of New York in smoothness and solidity of track, por in power to handle trains at as high speed as trains can be moved with present

Official Changes,

A. W. Dickinson, who for twenty years has been general superintendent of the Missouri Pacific, yesterday tendered his resignation, on account of ill health. For some months he has been on his farm, at Seymour, Ind., and had so much improved that on the 1st of the month he returned to duty, but finds his health will not justify him in performing the duties of the posiso long a period.

Two weeks ago Traffic Manager Miller, of the Missouri, Kansas & Texas, offered David Edwards, the general passenger agent of the Queen & Crescent, the position of general passenger agent of the M., K. & T., but President Felton advanced Mr. Edwards's salary and would not let him go. As a result, on Saturday last Trailic Manager Miller had a conference with James Barker, general passenger agent of the Monon, and before the conference ended the position of general passenger agent of the M. K. & T. was offered to Mr. Barker and yesterday he accepted it. The Monon loses a valuable man and a hustler for business. Rumor has it that Frank Reed will succeed Mr. Barker on the Monon, he being in the line of promotion and a very competent passenger man.

There is now every probability that the Western lines, which have for so long been struggling over world's fair rates, will reach an amicable solution of all their diffi-

Unitorin World's Fair Rates.

culties. The meeting between representatives of the Atchison, Rock Island, Burlington and Alton was continued at Chicago yesterday and a complete under-standing was reached. When the general meeting convenes to-day it is expected that matters will be promptly adjusted. This means the full adoption of the Western Passenger Association agreement and the establishment of a uniform rate to the world's fair.

Arranging Emigrant Traffic. The agents of the transatlantic steamship companies will to-day submit a proposition to the Western railroads to allow the steamship companies to assume entire control of the emigrant business and disroads. It is expected that in this way the payment of commissions can be avoided. The roads are inclined to view the proposition favorably.

CONGRESS ALONE HAS POWER.

Important Decision Limiting Naturalization of Foreigners to the National Legislature.

St. Paul, Minn., May 30.-The United States Circuit Court of Appeals, with Judges Sanborn, Thayer and Spirls on the bench, yesterday handed down an important decision limiting the power of naturalization to the national Congress. The case came from Minneapolis, and Judge Sanborn announced the decision confirming the lower court. It is held that the power granted to Congress by the Constitution of the United States to establish a uniform rule of naturalization is conclusive, and the naturalization laws enacted by Congress in the exercise of this power constitute the only rule by which a foreign subject may become a citizen of the United States, or of a State within the meaning of the federal Constitution and laws. A foreign subject who is qualified to become a citizen of the United States under the Revised Statutes does not become such by filing his declaration of intention to do so. That section requires that he shall renounce allegiance to the sovereignty of legiance to the United States and comply with the other conditions prescribed in the second and third paragraphs of Section 2105 of the Revised Statutes, in order to become naturalized, and until he does so he remains a foreign subject.

MARCOSSON CONCERT.

The Young Virtuoso from Louisville Makes a Pleasing Im ression.

Mr. Sol Marcosson, a young violinist of Louisville, who came recommended by press notices from Europe and his own city, gave a concert last evening at Plymouth Church, assisted by Mr. Constantin Leber, pianist, and by Miss May Johnson. soprano, of this city. Mr. Marcosson was heard by an audience which about half filled the lower tloor, and which gave him a cordial welcome, and much pleased with his performance, as frequent and hearty applause testified. Mr. Marcosson is much better than the average player, though he lacks many qualities which stamp the artist. He played the "Legende," by Wieniawski particularly well, and with a tenderness which showed him a sympathetic musician. There is a holding back from a fullness and freedom of tone which more experience will give bim. He was vooiterously applauded, and responded by bows, and then by a second number, to the demonstration. Mr. Marcosson continuing, with the many excellencies he does possess, will doubtless be one of the leading violinists of the West. Mr. Leber made a much better impression as a planist with his second number than with his first. though whatever musical taste he displayed by the second was comparatively spoiled with the triling waitz composition which he offered as an encore number. A child ten years old ought to be able to do as well, if not better, and the style was en-tirely out of keeping with the character of the entertainment. Miss Johnson sang very sweetly three dainty little ballads, and gave You" for a recall. The ushers were remiss in their duty when they allowed a poor man, who evidently knew no better, tramp down the aisle and throw down a seat during the softest passage in Mr. Marcosson's solo, the "Legende."

An Indignant Protest.

To the Editor of the Indianapolis Journal: From the Sentinel of the 29th I clip the following editorial, written by a cowardly

Now look out for a howl from the deaf pen-sioners. Their hearing will prove sufficiently scute for them to catch the full meaning of Sec

retary Smith's ruling that will take about \$15,-000,000 annually from the pension roll. For the benefit of this dirty, foul-mouthed journalist! will say that deaf pensioners will not howl; it is only the contemptible, cowardly dogs and curs who are doing the howling and hounding the disabled veteran. The journalist who would write

venom on the Union soldier and the same that sneak and crawl in the grass at the dead hour of night to descecrate Union soldiers' graves. The great calamity of losing the sense of hearing is enough to bear without further insults from soldier haters. I hope the contemptible coward who wrote the editorial will be stricken deaf and dumb and the band that wrote the editorial be paralyzed, that he may never be able to

insult the deaf pensioner again.
WALLACE FOSTER, (Totally deaf.) Secretary and Treasurer Deaf Soldiers. Sailors and Marines. INDIANAPOLIS, May 29.

BY A FALL AND FOUL HOLD

Thomas Whalen Defeated by Herbert Hale in Their Wrestling Match.

Clark Defeats Hennessy in a Preliminary Skirmish-Indianapolis Again Beats the Hudson Club.

MATCH WON BY HALE.

First Fall Was Awarded to Him on a Foul and a Bit of Strategy Won the Second. The wrestling match at the Empire Theater last night, between Herbert Hale, of this city, and Thomas Whalen, of Chicago, resulted in a victory for the former. The match was for the receipts of the evening, the winner taking 75 and the loser 25 per cent. At half past 8 o'clock the curtain was rung up on a small house. Preceding the match of the evening there was some little penny wrestling between "Friday" Clark and "Kid" Hennesey. Both the men were aspirants for fame in the prize ring last winter when prize fighting was the fad here, and since wrestling has occupied the attention of the sports they have entered the arena as wrestlers of the Greec-Roman style. The first fall was given to Hennesey in three minutes, and the next two were won by Clark in two-and-a-half and one-and-a-half minutes respectively.

At the conclusion of the first little match the wrestlers of the evening were intro-duced. Ed Creasey had been chosen as referee, the choice being left to the audience. The first bont was longht hard, and considerable slapping was indulged in on the part of both. They wrestled and wriggled over the mat for twenty-one minutes, and both were pretty well tired out and their patience was exhausted. Whalen got a strangle hold on Hale and refused to release his man when ordered to do so by the referee, who thereupon gave the fall to Hale on a foul. it being stipulated in the articles under which the match was wrestled that strangle holds should not be allowed. After an intermission of ten for the second bont. Whalen had refused to enter for the second bont on account of the foul awarded his opponent, but was induced by his second to answer time when

It was called. The men parried for holds for a few seconds, when Hale, by a quick duck, caught his opponent by a leg and around the waist, raised him off the mat and downed him. After his opponent was on the mat he quickly changed his hold for a half-Nelson and secured a fall in just two minutes. The result of the match evidently pleased the audience, and the winner was cheered lustily for several minutes.

THEIR THIRD DEFEAT.

Hudsons, of St. Louis, Again Beaten by the

Indianapolis Club Yesterday. The J. L. Hudsons, of St. Louis, met their third straight defeat yesterday at the hands of the Indianapolis Club. The early morning rains laid the dust on the grounds and the conditions for ball playing were all that could be desired, but the attendance was light.

Indianapolis took the lead at the start and maintained it up to the fifth inning, when the score stood 2 to 8 in favor of the local club. In their balf of the fifth the St. Louis club hammered out five hits, a double and one triple. The way the Hudsons pounded the ball had the effect of "razzling" their opponents, and a number of awful errors contributed to the tide which appeared to have set in for the viaitors. In this inning twelve men came up to the bat, and when the side was finally retired eight runs had been piled up. Indianapolis pulled herself together in the sixth inning and tied the score, and clinched the victory in the seventh. Score:
